FOREWORD

A Directory of State and County Officials of North Carolina has been issued biennially since 1919. The daily demand for information contained in the Directories well justifies the continuation of this publication. A consolidation of certain activities by the 1939 General Assembly has resulted in the assignment of this work to the office of Secretary of State. Due to the expansion of governmental activities assigned to divisions in various State departments, this volume would be too large and cumbersome if all of such activities and divisions and subdivisions were included. Therefore, only the administrative, departmental and institutional heads are included in this Directory. It is hoped that this concise publication containing the names and addresses of such State and County officials will answer the need evidenced by the demand made for such a publication.

THAD EURE,
Secretary of State.
